QUAGGLE™

The Strategic Balance Game

HOW IT'S PLAYED - OVERVIEW

- First player sets up the base with the two red pieces.

- Next player draws a card and places the illustrated piece onto Quaggle.
- Continue to rotate around the table.
- If less than two pieces fall during your turn, discard the same amount of cards under the deck.
- Player who destroys the Quaggle loses 3 cards.
- The game ends if 3 or more pieces fall or all pieces have been played.
- Player with the most cards wins.

UNIQUENESS

- We have seen that no matter how old the players are, they don't want to stop playing.
- Mixed ages i.e. 8 year old kids with their parents, teenagers or people in their twenties have fun together. All ages have the same chance to win.
- Every Quaggle is different.
- As the game advances the Quaggle builds higher and begins to look like a piece of art, some players like to take pictures.
- What starts as a competitive game sort of becomes a team game as players want to see how sizeable and impressive the structure can become.
- Each piece has been very carefully designed and has amusing names.

PERFECT FOR

- FRIENDS AND FAMILY GAME NIGHTS
- CAFES, BARS, RESTAURANTS
- YMCA , DAY CARE CENTERS
- SCHOOLS, KINDERGARTENS
- HOSPITALS, SENIOR HOMES

Content

- 2 Red base pieces (Flat painted Wood MDF)
- 22 Gray and white pieces (Flat painted Wood MDF)
- 3 Yellow Dilemma pieces (Flat painted Wood MDF)
- Rules with different play versions
- Free Quaggle timer app for iOS and Android with two play modes
